- ISO 7010:2012 compliant symbols where applicable
- Over 200 templates to choose from
- Multiple materials available

## Customise most safety signs in seconds

Or build from scratch in 6 easy steps:

### STEP 1. Choose Template

### STEP 2. Select Material

 <b>Self Adhesive Vinyl</b> A flexible gloss-finished material that is suitable for use on smooth, clean non-porous surfaces. Available in sizes smaller than 400x600mm.	 <b>1 mm Rigid Plastic</b> A white High Impact Polystyrene (HIPS) plastic in 1mm thickness. Note: Signs of 400x600mm and larger available in 2mm thickness only. Can be drilled for fixing or stuck to a flat surface.
 <b>2mm Rigid Plastic</b> A white High Impact Polystyrene (HIPS) plastic in thicker 2mm material. Stronger material for more durable applications. Perfect for outdoor use. Can be drilled for fixing or stuck to a flat surface.	 <b>Photoluminescent (GITD)</b> A rigid plastic material of 1.2mm thickness which is rated Class B for photoluminescent performance. Suitable for use as emergency signage in locations such as office buildings.

### STEP 3. Choose Orientation & Size

<b>Portrait</b> 	<b>Landscape</b> 
---------------------	----------------------

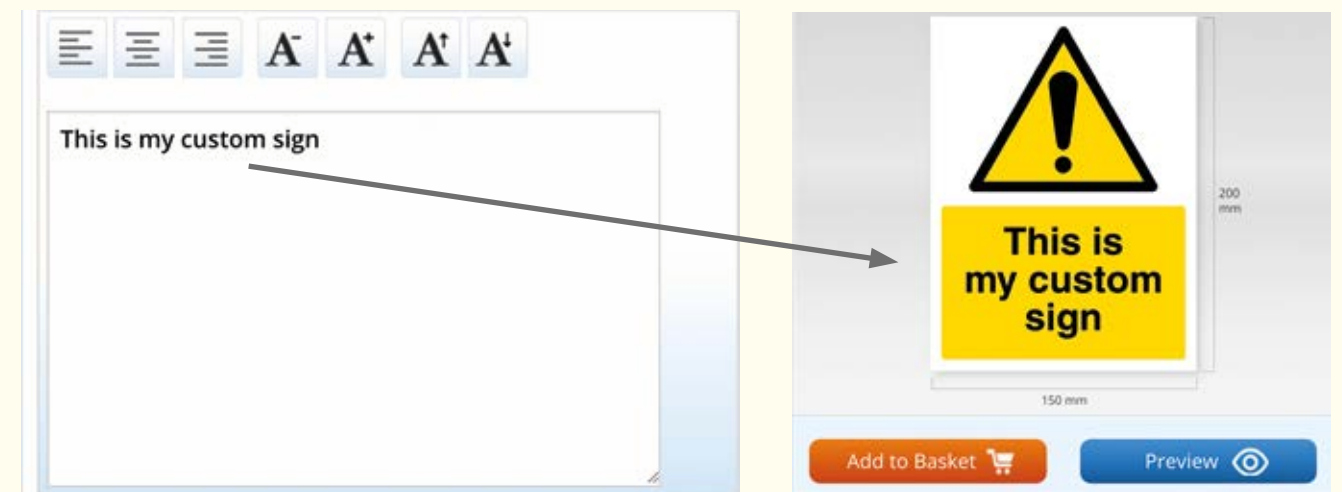

### STEP 4. Pick A Symbol

Pick a symbol most relevant to your sign

### STEP 5. Add Custom Text

Enter your wording, adjust the text size and positioning. We've added a spell checker to aid creation

### STEP 6. Place Your Order

Once you have reviewed your sign for any errors, add to basket. Place your order with us and the SafetySigns4Less team will keep you up to date on the status of your order

# Smoking Control

Encourage your staff and visitors to help keep your premises clean and tidy by highlighting designated smoking areas and installing cigarette bins

- ▶ Cigarette bins help encourage smokers to dispose of cigarettes responsibly
- ▶ Signs can help to keep workspaces, entrances and surrounding areas presentable
- ▶ Designs fully conform to ISO 7010:2012 and Health and Safety (Signs and Signals) Regulations where applicable
- ▶ Don't forget - it is a legal requirement to display no smoking signs in accordance to the smoke free regulations 2007, see page 57 for No Smoking Signs

The Information Commissioner's Office (ICO) have introduced General Data Protection Regulations (GDPR) which advises that to remain compliant you MUST display appropriate CCTV signage if you have CCTV in use

- ▶ You must let people know when they are in an area where a surveillance system is in operation with clear and visible signage
- ▶ The most effective way of doing this is by using prominently placed signs at the entrance to the surveillance system's zone and reinforcing this with further signs inside the area

# GDPR Compliance Products

## IMPORTANT GDPR INFORMATION

80% of data breaches involve staff. Showing you have taken reasonable steps to ensure staff are GDPR aware may be critical in the event of a breach or dispute. Be seen to be compliant and taking obligations under GDPR seriously with our complete range of easy to reference resources for general display within your workplace.

### GDPR Made Simple - Everyday Do's and Don'ts Posters & Handouts **Best Seller!**

A cost effective way of increasing staff awareness of GDPR; non-compliance can result in fines of up to €20 million or 4% of global turnover (whichever is higher)

- Provides simple advice on everyday "do's and don'ts" to reduce the likelihood of non-compliance with GDPR
- A practical alternative to issuing hundreds of pages of plain text covering GDPR - can be part of your organisations GDPR training arrangements
- Official guidance from the ICO and practical everyday guidance for compliance
- An effective way of maintaining basic data protection standards in busy or shared environments, particularly where temporary staff may operate

**GDPR Compliant Visitor Book**

Following the implementation of General Data Protection Regulation (GDPR), visitor books should no longer display personally identifiable information in previous entries. As a result, many sign-in books may no longer be compliant. This new book was created to replace the old non-compliant style which displayed personal details to all staff and visitors

- ▶ Enables employees to adequately record visitor movements on and off premises
- ▶ GDPR compliant, suitable for use in any building or workplace setting
- ▶ 10 visitor passes per page, 100 passes in each refill (each pass measures 90 x 60mm)
- ▶ General health and safety visit requirements on the back of each pass
- ▶ Clear visitor number system ensures records can be kept easily
- ▶ Available as a complete set or standard refill book

**\*Example non-compliant visitors book\***  
 Displays personally identifiable information.

**GDPR NON-COMPLIANCE**

**Refills Available**

**GDPR Data Sheet**

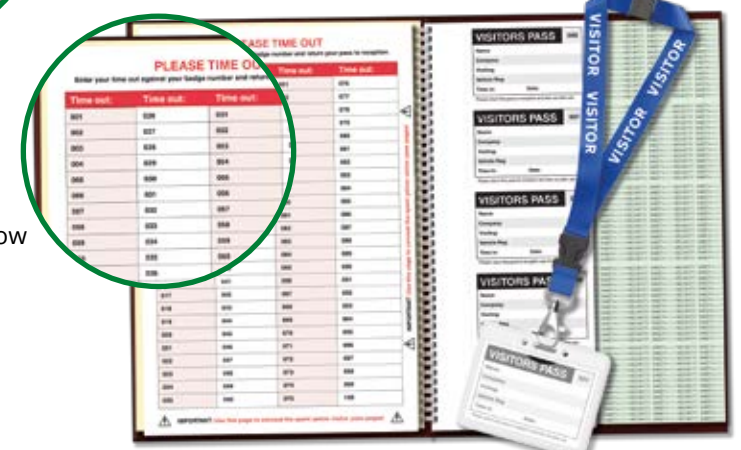

No information can be seen after an issued badge has been torn out

- ▶ Duplicate passes are completely data protected under the green security sheet
- ▶ Visitor logs are easily accessible under the green sheet in emergency situations

**Anonymous Sign Out Sheet**

Visitors sign out against their badge number ensuring anonymity after they leave

- ▶ 'Time out' sheet also securely covers completed yellow duplicate visitor pass pages
- ▶ Clear visitor number system ensures records can be kept easily

**Stylish Cover & Low Cost Refills**

Elegant burgundy leather look cover with gold corners creates a professional first impression

- ▶ Durable cover doubles as effective protection for the internal visitor book
- ▶ Low cost 100 pass refill packs provides great long term value

# Visitor Signs

From time to time all businesses will have visitors to their premises. It is important to guarantee visitor safety in addition to that of your employees by having adequate measures in place to receive them

- ▶ Displaying visitor specific signs will ensure that they are clear on what they must do to protect themselves while on your premises and where they must report to on arrival
- ▶ Highly durable – choose from either durable 1mm HIPS, 2mm HIPS (600 x 450 only) rigid plastic or self-adhesive flexible vinyl
- ▶ Conform to EN ISO 7010:2012 and Health & Safety (Signs & Signals) Regulations 1996 where applicable

# NEW Safety Posters & Wallcharts

**Manual Handling At Work**  
The Manual Handling Operations Regulations 1992

**Introduction: Manual Handling**  
Manual handling is a physical movement of a load from one place to another. This can be done in a variety of ways, such as lifting, lowering, pushing, pulling, carrying, holding, restraining, supporting, or moving on or off the ground.

**Risk Assessment**  
Avoiding Manual Handling  
Manual handling should be avoided wherever possible. If it cannot be avoided, it should be done in a way that minimises the risk of injury.

**Good Handling Technique**  
Plan  
Check  
Lift  
Carry  
Lower  
Put down

XY7505 ..... 594x420

**COSHH**  
Control of Substances Hazardous to Health Regulations 2002

**What does COSHH mean?**  
COSHH is a set of regulations that aim to protect workers from the harm that can be caused by hazardous substances.

**Risk Assessment**  
A risk assessment is a systematic process for identifying, estimating, and controlling the risks from hazardous substances.

**Control Measures**  
Control measures are actions that can be taken to reduce the risk of exposure to hazardous substances.

**Health Surveillance**  
Health surveillance is a process of monitoring workers for signs and symptoms of disease caused by hazardous substances.

XY7503 ..... 594x420

**Fire Safety**  
Fire Safety in the Workplace

**Fire Risk Assessment**  
A fire risk assessment is a systematic process for identifying, estimating, and controlling the risks from fire.

**Fire Prevention**  
Prevention measures can be taken to reduce the risk of fire, such as using fire-resistant materials and avoiding open flames.

**Fire Evacuation**  
Evacuation procedures should be established and practiced regularly to ensure that everyone can get out safely in an emergency.

XY8652 ..... 594x420

**PPE For The Workplace**  
Personal Protective Equipment

**Why PPE?**  
PPE is designed to protect workers from harm caused by hazards in the workplace.

**Types of PPE**  
Head protection, eye protection, hearing protection, hand protection, foot protection, and high-visibility clothing.

**Choosing PPE**  
PPE should be chosen based on the specific risks in the workplace and the tasks to be performed.

XY8651 ..... 594x420

**Electrical Shock**  
Electricity is a hidden danger

**Causes of electrical shock**  
Faulty wiring, damaged equipment, and unsafe practices can lead to electrical shock.

**Prevention**  
Use safety barriers, avoid exposed wires, and ensure all equipment is properly grounded.

**First Aid**  
If someone is shocked, call for medical help immediately and provide first aid if necessary.

XY7507 ..... 594x420

**Workplace First Aid Guide**  
First Aid instructions for common workplace injuries

**First Aid Kit**  
A first aid kit should be readily available in all workplaces and contain supplies for treating common injuries.

**First Aid Trainers**  
Employees should be trained in first aid and encouraged to help others in an emergency.

**Reporting**  
All injuries and incidents should be reported to the appropriate authority.

XY7506 ..... 594x420

**Fork Lift Truck Safety**  
Approved Code of Practice for Fork Trucks

**Types of FLTs**  
Counterbalanced forklifts, reach forklifts, and telehandlers.

**Safe Operation**  
Always wear your seat belt, avoid carrying passengers, and use proper lifting techniques.

**Maintenance**  
Regular maintenance is essential to ensure the safe operation of FLTs.

XY7508 ..... 594x420

**COSHH**  
Control of Substances Hazardous to Health Regulations 2002

**Risk Assessment**  
Identify the hazards of hazardous substances, evaluate the risks, and control the risks.
