TEST CERTIFICATE**961 P 18**

product: sponge cloth **L200 T**
colourless and in the following colours: **yellow, violet, red**

The product manufactured by the company mentioned above was tested by us for compostability.

The results are summarized in test report no. 12203/179 of 22 August 2018 issued by ISEGA Forschungs- und Untersuchungsgesellschaft mbH Aschaffenburg, Germany.

The named product meets the demands on packaging materials of the

EN 13432 'Requirements for packaging recoverable through composting and biodegradation - Test scheme and evaluation criteria for the final acceptance of packaging', state of Dec. 2000,

regarding chemical characteristics, disintegration and compost quality (ecotoxicity). According to Annex A.2 of the above-mentioned standard and judging by its composition, the product is to be considered as biodegradable.

Thus, the product is in full conformity with EN 13432.
