WHY CHOOSE UNIGLOVES® OVER OTHER DISPOSABLE GLOVE OPTIONS?

Unigloves® has been saving lives across the world by protecting hands and preventing the spread of disease since manufacturing their first gloves in 1988. Today, they produce up to 100 gloves every second of every day and are one of the world's leading glove manufacturers.

Unigloves® combine great price with high product quality and user comfort. Unigloves® products provide excellent resilience and longevity.

NITRILE **Unigloves® PRO.TECT Orange HD**

Designed specifically for the automotive and manufacturing industries, PRO.TECT Orange HD nitrile gloves feature a heavy weight construction with diamond grip pattern for a more secure grip. PRO.TECT Orange HD gloves are durable, long lasting and thicker than standard examination gloves.

Key Benefits:

- ◆ Diamond textured palms and fingertips provide improved grip in wet and oily conditions
- ◆ Improved resistance to snagging and scuffs
- ◆ Heavy weight construction is tough, durable and long lasting
- ◆ AQL 1.5 medical grade and chemical resistant to EN374 parts 1, 2 and 3

LATEX Unigloves® Select Black Latex

Select Black Latex gloves are specifically designed and engineered for tattoo artists. They maximise barrier, protection, comfort, grip and dexterity, allowing the artist to focus on creating beautiful tattoos. Made using a high grade natural rubber, Select Black Latex gloves provide a tear resistant, strong and durable construction.

Key Benefits:

- ♦ Matt black finish masks blood and ink and reduces hand and eye strain when working on complex designs
- ♦ High quality latex provides high levels of elasticity, comfort and tear resistance
- ♦ Medium weight construction provides a perfect balance of strength and sensitivity
- ♦ AQL 1.5 medical grade and chemical resistant to EN374 parts 1, 2 and 3
- ♦ Choose from standard or long cuff
