HUGE Price Drops • NEW Price Promise • Tonnes of NEW Products

With the financial year coming to an imminent close, now is the perfect time to use up the remainder of your budget and invest in upgrading your premises' outside areas with weather resistant and maintenance-free 100% recycled plastic outdoor furniture.

As such, I'm delighted to announce a number of further price drops on best-selling lines, including the customer favourite Standard Picnic Table (see page 5), now up to £25 off, and the inclusive Wheelchair Access A-Frame Table (see page 13), now as much as £70 off! This is our way of giving back to our customers; I hope this goes some way to helping you during the current economic climate.

What's more, our NEW Price Promise ensures that we can continue to offer high-quality, UK made products at the lowest prices, guaranteed! Like-for-like, we'll do our very best to match or beat any delivered price (see page 4).

We've also expanded on our amazing range of stocked products that you can purchase with FREE Next Day Despatch*. You can now get your best-selling Captain's Treble Seats (see page 21), Captain's Armchairs (see page 20), and Backless Benches (see page 23) within just a week of ordering! There's no additional cost for this service, either; the price you see is the price you pay – there's no hidden delivery fee within UK mainland, guaranteed.

Finally, there are dozens of NEW products and variations inside. Look out for the Bistro Table And Benches Set (see page 34), combining maintenance-free recycled plastic with sleek and robust powder-coated mild steel frames in a number of finishes, heights, and colourways! My favourite? The 'Orca' Artisan Solid Top Picnic Table (see page 14); made using an artisanal 100% recycled tabletop, each table is distinctly unique and one-of-a-kind!

Enjoy perusing this latest issue. I look forward to hearing from you soon.

Why Choose Recycled?

As we all know, the amount of plastic waste each year is staggering, and our eco-friendly recycled plastic furniture range can help save thousands of plastic bottles from entering landfill.

The benefits of recycled plastic significantly outweigh traditional timber. Considering both financial and environmental factors, recycled plastic is considerably superior to its timber or metal equivalents.

We manufacture all our products from 100% Recycled High-Density Polyethylene (HDPE). When recycled, it is an extremely hardwearing, versatile material, making it a perfect choice for all-weather outdoor furniture. It has a significantly lower carbon footprint than timber or metal equivalents, using less energy and water and emitting lower levels of CO₂ in its production.

What Do Our Customers Say?

Here are a few of our latest product reviews...

Winawood Sandwich Bench – see p27

“Delighted with our benches to mark the reign of Her Majesty Queen Elizabeth II, erected on a village green within our Portesham Parish. It was important in our choosing that the furniture, as well as the company we purchased from, met and delivered on our Council’s sustainability expectations. Not only do NBB do that – and then some – but we were thrilled to receive delivery next day at no extra charge! Yes, they told us it was next day. Yes, they told us it was free. But it actually was! Thank you NBB.” **Cllr Bartlett - Chesil Bank Parish Council**

Square Picnic Table – see p6

“Purchased the square picnic bench, it was delivered sooner than the lead time which was a great bonus. The quality of the product is outstanding, seriously heavy and well made. We already have a standard picnic bench too; this is over a year old and looks as though we bought it yesterday. Definitely the way forward in garden furniture. Wooden furniture we have had in the past looks great at first, however the maintenance and ageing is tedious. Recycled furniture all the way.” **Mr. Hatton**

“Great product, super service. Yes the price is a little more than timber equivalent but no tedious treating.” **Mr. Carr**

“Easy to assemble, sturdy robust piece of furniture, looks great and maintenance free.” **Mr. Frazer**
