**Welcome to the latest NBB Shelters Catalogue**

Established in 1994, NBB has become one of the UK's leading manufacturers of shelters, walkways, cigarette litter disposal products, outdoor furniture, and much more, with a range now spanning thousands of products.

Our range includes a variety of shelters all geared towards helping you make better use of your outside space. We are delighted to announce that we are now a member of the Made in Britain organisation and hold accredited status, with most of our products being manufactured at our workshops in Poole, Dorset.

It has been particularly important during the current pandemic for businesses and schools to ensure their outdoor areas are set up correctly to enforce social distancing protocols, whilst creating covered break and waiting areas for employees, staff, and pupils. Our latest catalogue includes a selection of multi-purpose entrance shelters and walkways, many of which have a modular design that can be adapted to suit your needs. These shelters are ideal to cover external waiting or classroom areas, create sheltered walkways between buildings, or even to store bikes or machinery outside (see pages 25-31). We are continuing to expand our manufactured product portfolio and inside you will find new shelters including our new Apex design roofs (see pages 6, 7 and 24). Our Domed 4-Sided Smoking Shelter is now available in a one metre width dimension (see page 10) and you will also find our brand-new Lansdowne Cycle Compound on page 21.

Furthermore, we have introduced several products to enable you to make your premises COVID-secure including signage, matting and hygiene screens which can be found on pages 45-50. Whatever your requirement we are sure to have the right product to suit your premises and budget, but if you need something custom-made, we have the capabilities to manufacture for you to your requirements (see page 51 for details).

P.S. Don't forget all of our shelters are supplied with market-leading guarantees of up to 25 years, and orders over £250 are delivered free of charge to UK mainland\* addresses.

**NBB UK Are Members Of The Made In Britain Organisation**

Made in Britain brings together the British manufacturing community, united with the use of the registered collective mark, which you can see displayed on various ranges we manufacture ourselves in Poole, Dorset. The mark is protected and can only be used by members of Made in Britain that meet the strict criteria set to guarantee the products on offer are manufactured to the very highest standards in Britain. For more information visit <https://www.madeinbritain.org/>

**WE ARE HERE TO HELP...**

**FREE No Obligation Estimate**

If you require installation for any of our shelters, or if you require something a little different, simply email our sales team today.

They will discuss your requirements and answer any questions. You will be provided with a free, no obligation estimate, usually within a couple of days of receiving your information.

6 Metre Gates	£1,710	£1,330

Model Shown: CCS01 & LOGO

In spring 2020 the Government announced that huge investments will be made into transforming the UK's use of transport. Among the key measures in the plans are the creation of thousands of miles of new protected bike lanes, which will bring in a "new golden age for cycling". Since the outbreak of the COVID-19 pandemic, more people have been turning to cycling as a means of commuting to and from work, and with the future plans in place this pattern will continue. Installing cycle storage in your premises doesn't have to be costly, contact our friendly sales team on 0800 1777 052, or email [sales@nobutts.co.uk](mailto:sales@nobutts.co.uk) for further information.

**LOWEST PRICE EVER**  
**£580**

## CORSCOMBE CYCLE SHELTER

Multipurpose shelter with corrugated metal back/roof, and option to personalise with own branding

### FEATURES & BENEFITS

- New design shelter perfect for storing cycles or for use as a bin store
- The galvanised corrugated metal back panel hides the view from overlooking buildings
- Open front allows for easy access, whilst the freestanding design makes it possible to place the shelter in a chosen location

- Optional vinyl signs can be added to the shelter for own branding or simply to identify the purpose of the structure (contact our sales team for further details)
- Side panels supplied separately (see price grid)

### CUSTOM OPTIONS

Available in one standard size. Alternatively call for a price on a custom size option. Due to our modular design system, we have the ability to customise any shelter, walkway or canopy. Please contact our friendly sales team for an estimate.

### INSTALLATION

These shelters are easy to install and supplied with general assembly drawings. Alternatively, we have teams of experienced installers who can carry out the works for you. Contact our friendly sales team for a price on 0800 1777 052.

### SPECIFICATIONS

- Corrugated galvanised steel covers the roof and back sections
- Optional side panels are made from clear polycarbonate and UV stabilised, it will not turn yellow or brittle in sunlight
- Designed to be used with Sheffield Toast Racks for up to 10 bikes, or comfortably fit large wheelie bins

### OPTIONAL EXTRAS

- Galvanised cycle racks sold separately, shelter can accommodate up to 10 cycles (supplied as two and three stand racks)

Model Shown: CCS01

## BIN STORES

Aesthetically pleasing and durable bin storage solution. Maintenance free for many years!

### FEATURES & BENEFITS

- Secure freestanding structure designed to house wheelie bins or recycling units. Available to purchase in three different sizes
- Manufactured from 100% recycled plastic cladding and galvanised steel, this durable structure will last for many years without the need for annual maintenance
- Creates an aesthetically pleasing bin storage area, whilst also deterring vandals. Added signage makes it practical for distinguishing recycling purposes

### SPECIFICATIONS

- Steelwork is galvanised as standard to provide protection against corrosion
- Lockable half open gates make it possible to securely lock away bins, whilst providing easy access for the disposal of waste
- Roofing is manufactured from galvanised corrugated metal
- 100% recycled plastic cladding will never rot, crack, splinter or corrode. Supplied in a choice of brown or grey
- Suits commercial bins of up to 1100 litre capacity (H1210 x L1410 x D1110mm)

### OPTIONAL EXTRAS

- Signs are available to distinguish recycling purposes, see price grid below
- Option to powder coat frame in a RAL colour, contact our sales team for a price

### CUSTOM OPTIONS

## JEWELL ACADEMY, BOURNEMOUTH

Project: Bespoke Wall Attached Winterbourne Shelter

Jewell Academy approached NBB Outdoor Shelters to provide an outside cover for a play area. Our team attended the school to discuss their requirements and expectations, and at this stage it was decided a Wall Attached Winterbourne Shelter was the most suitable option. The finished project is a 13400mm wall attached walkway, Jewell Academy opted to have the shelter powder coated blue RAL5002 to match their school colour. Entrance Shelters and Walkways are ideal for covering outside space; they are multi-purpose, therefore, whatever your requirement these shelters can be adapted to suit your needs.

2020 Installation

See Page 21

## BOURNEMOUTH UNIVERSITY, BOURNEMOUTH

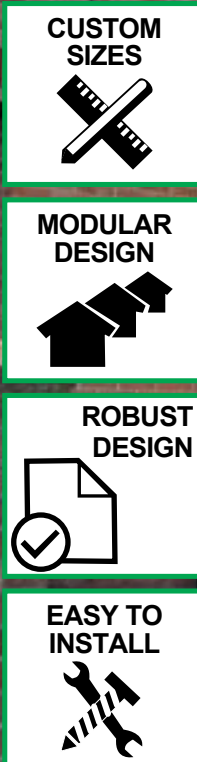

Project: Bespoke Lansdowne Cycle Compound

Bournemouth University required a cycle compound for their new campus being built 2020-21. This structure would keep students and staff bikes secure; it needed to include additional security features such as lighting and key card entry. Following their brief, we designed a structure which met their requirements and installed the shelter during the construction schedule.

Our cycle compounds are designed to store many bikes; they can also be adapted depending on your requirement. Furthermore, should you wish to use for another purpose, cycle racks can be substituted for outdoor machinery/ equipment or motorcycle storage.

During the current pandemic, many businesses and educational establishments are looking for better ways to utilise their outdoor areas. Installing a shelter is the perfect cost-saving and hassle-free option to creating cover outside. View our range of Winterbourne shelters, ideal for any premises looking to minimise the number of people entering a building any given time.

Model Shown: Custom

## WINTERBOURNE WALL ATTACHED SHELTER

Ideal as a walkway or entrance cover
