# NBB Recycled Furniture

## Optimise Your Outdoor Areas With 100% Recycled Plastic Furniture

With nationwide restrictions now removed, ensuring your outdoor areas are fit for use has never been more crucial. Research continues to validate that **meeting outdoors reduces the risk of transmission**. Introducing furniture outdoors to optimise your available space is a great way to remain mindful of government advice, whilst creating safe and comfortable al fresco areas for your staff and customers to enjoy.

When considering your outdoor furniture, NBB recycled plastic is the perfect choice, as the material looks like timber but can last outside all year round without the need for annual maintenance. All our furniture is offered at competitive prices and comes with our **market-leading 25-year warranty!** It is extremely hard wearing, **guaranteed never to split, chip, crack, or rot**, and the non-porous properties make it **easy to clean** between uses.

In fact, **recycled plastic can last up to 5 times longer** than timber! The longevity of recycled plastic makes it the perfect cost-effective solution where regular use is expected. Furthermore, sales of our products have **recycled over 40 million milk bottles** to date. Not only does our recycled plastic furniture look great, but it has also helped our many happy customers achieve their own environmental goals.

Inside our latest catalogue, you will find our most popular ranges available with **fantastic bulk-deal savings**, including our best-selling Standard Picnic Table on page 5, which comes with a **saving of up to 16% each** with multiple purchases. You will also find our Backless Benches on page 21. A perfect space-saving seating solution available for as little as £125 each, they are **fantastic value for money**.

P.S. Don't forget, we offer **free delivery on all orders** with a UK mainland address\* and **30-day instant credit** to established businesses and educational establishments.

### Did you know?

Our eco-friendly recycled plastic furniture range can help save 1,000's of milk bottles from entering landfill. In fact, 1kg of material is derived from 28 2-litre HDPE milk bottles. Look for this symbol to see how many milk bottles are saved for each piece of furniture. We've saved over 40 million bottles so far!

### Our customers love our products!

*"I'm nothing but impressed. NBB Recycled Furniture deliver clever, lovely products promptly. They're well packed and result in quality garden furniture. I fully anticipate being back soon. Would highly recommend."*

As stated by British Standard BS8300-2:2018; "a building should be designed, built and managed in an inclusive way. Designing to address and integrate the access requirements of all people, irrespective of their personal circumstances as a part of mainstream design achieves an inclusive environment which is always preferable to designating separate or specific features" (BSI Group, 2018).
