NBB Recycled Furniture

Optimise Your School's Outdoor Areas With Recycled Plastic Furniture

With the start of the new school year and nationwide restrictions now removed, it is important that you can maximise the usage of your outdoor areas. Research continues to validate that **spending time outdoors reduces the risk of coronavirus transmission**. Introducing furniture outdoors to optimise your available space is a great way to remain mindful of government advice, whilst creating safe and comfortable recreation areas for your staff and students to enjoy.

When considering your outdoor furniture, NBB's recycled plastic is the perfect choice, as the material looks like timber but can last outside all year round without the need for annual maintenance. All our furniture is offered at competitive prices and comes with our **market-leading 25-year warranty!** It is extremely hard wearing, **guaranteed never to split, chip, crack, or rot**, and the non-porous properties make it easy to clean between uses.

In fact, **recycled plastic can last up to 5 times longer than timber!** The longevity of recycled plastic makes it the perfect cost-effective alternative where regular use is expected. Furthermore, sales of our products have **recycled over 40 million milk bottles** to date. Not only does recycled plastic furniture look great, but it has also helped our many happy customers achieve their own environmental goals.

Inside the latest catalogue, you will find our most popular ranges available with **fantastic bulk-deal savings**, including the best-selling Junior Octagonal Picnic Table on page 9, which comes with a **saving of up to 15% each** with multiple purchases. You will also find the Junior Backless Bench on page 17. A perfect space-saving seating solution available for as little as £95 each, they are **fantastic value for money**.

P.S. Don't forget, we offer **free delivery on all orders** with a UK mainland address* and **30-day** instant credit to established businesses and educational establishments.

Did you know?

Our eco-friendly recycled plastic furniture range can help save 1,000's of milk bottles from entering landfill. In fact, 1kg of material is derived from 28 2-litre HDPE milk bottles. Look for this symbol to see how many milk bottles are saved for each piece of furniture. We've saved over 40 million bottles so far!

Our customers love our products!

"I'm nothing but impressed. NBB Recycled Furniture deliver clever, lovely products promptly. They're well packed and result in quality garden furniture. I fully anticipate being back soon. Would highly recommend."

Proud member of Made in Britain

Made in Britain is a growing British manufacturing community, united with the use of the registered collective mark. This mark can only be used by members of Made in Britain, who have to meet strict criteria to guarantee the products on offer are manufactured to the very highest standard here in Britain.

Proud Sponsor of School of Kindness

52 Lives' School of Kindness help to create a culture of kindness in schools by running free kindness workshops for children across the UK.

Their aim is to empower children by helping them realise that the little choices they make every day have the power to change lives and change the world, while also improving their own physical and mental health. School of Kindness also offers free lesson plans and resources for teachers, as well as small grants to children with amazing ideas for spreading kindness.

As stated by British Standard BS8300-2:2018; "a building should be designed, built and managed in an inclusive way. Designing to address and integrate the access requirements of all people, irrespective of their personal circumstances as a part of mainstream design achieves an inclusive environment which is always preferable to designating separate or specific features" (BSI Group, 2018).
