Inside

Welcome to our latest Recycled Furniture Catalogue

Following Government guidance, more business sectors have been given the go-ahead to re-open, having been closed for many months due to the Coronavirus pandemic. Making better use of outside space is a fundamental way to **implement distancing on your premises**.

There are many benefits to choosing recycled plastic, it is **hard-wearing** and **guaranteed to last for 25 years**. The durable non-porous construction is **easy to keep clean**, and **will never rot or splinter**. Furthermore, you will **never have to carry out any annual maintenance** such as sanding or painting, as you would with timber.

We manufacture our products here in the UK, and as market leaders we are continually expanding our range. Inside this edition you will find our **NEW Two Person Picnic Table** on **page 17**, perfect for promoting social distancing outside. We have also developed **Two and Four Seater Canopies**, which feature a clear polycarbonate roof for a light and airy feel (see **page 17**).

In addition to our fantastic products, there are many reasons to purchase from NBB. We are a UK based company, established for over 26 years and we offer **market leading service guarantees**, including **free delivery** to UK mainland* addresses, **bespoke design service** and **credit accounts**.

Ps Don't forget we offer **free delivery** on all orders to UK mainland*

Why Recycled Plastic Is Better

- ✓ **100% recycled**
 1kg of material is derived from 28 two litre milk bottles which were previously destined for landfill
- ✓ **Labour saving**
 Save ££'s on maintenance, all products guaranteed to be maintenance free!
- ✓ **Safe for all ages**
 Will never rot, crack, peel or splinter
- ✓ **Extremely tough and durable**
 Our products are guaranteed for up to 25 years!
- ✓ **Easy to wipe clean and disinfectant**
 Non-porous material is straightforward to sanitise between uses

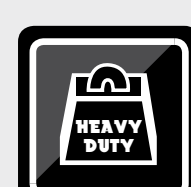

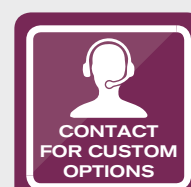

Did you know?

Our eco-friendly recycled plastic furniture range can help save 1,000's of milk bottles from entering landfill. Look for this symbol to see how many milk bottles are saved for each piece of furniture. We've saved over 30 million bottles so far!

NBB Recycled Furniture is a proud sponsor of the 52 LIVES SCHOOL OF KINDNESS

Running free kindness workshops for children across the UK, 52 Lives' School of Kindness help to create a culture of kindness in Schools.

The aim is to empower children by helping them realise that the little choices they make every day have the power to change lives and change the world, while also improving their own physical and mental health. As well as free workshops, the School of Kindness also offers free lesson plans and resources for teachers, as well as small grants to children with amazing ideas for spreading kindness.

To find out more, visit www.schoolofkindness.org

* Please note free carriage to UK mainland only, excludes raw materials (pgs 44-45). Some locations may incur an additional supplement. Prices in this catalogue exclude VAT.

UTILISE YOUR OUTSIDE SPACE ALL YEAR ROUND

After closure earlier in the year due to the Coronavirus pandemic, following Government guidance more premises are re-opening. Also, schools are welcoming back most of their pupils having been open to reduced numbers for many months. The Government provides risk assessments that must be carried out, and there is a legal duty to ensure that the premises are COVID-Secure.

With this in mind, social distancing guidelines are likely to remain in place for the foreseeable future, which can be a challenge where inside space is limited. Make the most of your outside areas with all year round, maintenance free furniture. Made from 100% recycled plastic our products can be left outside in rain or shine. They are guaranteed to never rot or splinter, and the non-porous material can be wiped clean between uses making it extremely hygienic.

Reasons Why Recycled Furniture Is BETTER!

- 1** All manufactured products are **guaranteed for up to 25 years**
- 2** **Easy to clean!** No need to treat the material, simply wipes down ready to re-use
- 3** Extremely hardwearing, **maintenance free** and can last up to 5 times longer than timber!
- 4** Built to withstand the harshest weather conditions
- 5** Plastic is crack, chip and splinter proof. Resistant to insects and bacteria, **the material will never rot!**
- 6** Recycled plastic not only **saves the environment** but also saves you money and time

The Process, Turning Bottles Into Furniture

TESTIMONIALS WHAT OUR CUSTOMERS SAY

★ Trustpilot ★★★★★
Rated Excellent by our customers

Farmer Palmers

"Our great working relationship with NBB Recycled Furniture began 6 years ago, when we purchased, and they installed 10 fantastic picnic benches in 2013. They are still in excellent condition. When NBB approached us to see if we would like to be the first ever installation of their new Buddy Balance trim trail, we felt honoured to be chosen.

Having sustainable play equipment made from recycled plastic fits perfectly with our ongoing commitment to reduce our environmental impact. We know it will be a huge hit and if a huge hit, we will be asking if we can keep it."

Buddy Balance Trim Trail - See pages 42-43

Chessington World Of Adventures

Fencing

For 2020 Chessington World of Adventures launched a brand new ride. Recycled plastic picket fencing was installed around the attraction and for the queuing area.

Made from thousands of milk bottles which were previously destined for landfill, the fencing meets the sustainability goals of the park. It is guaranteed for 25 years, meaning the vibrant fencing will continue to look great for a long time to come.

Picket Fencing - See page 47

Picnic Tables

"We looked at various options for outdoor furniture and made the decision to go with NBB. The furniture they produce exactly matched our criteria of being attractive, hard-wearing, safe and environmentally friendly.

It is really pleasing to have found a supplier that can produce the furniture we require so our guests feel welcome as well as helping us to achieve our environmental goals."

As stated by British Standard BS8300-2:2018; "a building should be designed, built and managed in a way that is inclusive. Designing to address and integrate the access requirements of all people, irrespective of their personal circumstances as a part of mainstream design, achieves an inclusive environment which is always preferable to designating separate or specific features" (BSI Group, 2018).

Raw Materials

Recycled Plastic is the perfect material for outdoor furniture / fencing / decking

- The timber is manufactured from post-consumer and post-industrial waste plastics which is converted into planks.
- It can be used as an alternative to traditional wood timber
- Available in either finishes similar to wood, or vibrant colours
- There are many benefits to replacing wood timber furniture with recycled plastic
- **Cutting service available**, price on application

Once you have an idea of the planks and quantity you wish to order (including cut size if applicable), please contact our friendly sales team on **0800 1777 052** for a delivery cost.
